As we embark on our third election cycle at the ABUAD Alumni Association, I am filled with profound optimism about the future of our esteemed organization. This moment represents not just another election, but a testament to our growing democratic tradition and institutional maturity.

Over the years, I have had the distinct privilege of chairing the Electoral Committee through three successive elections, watching our process evolve and strengthen. Each election cycle has brought its own unique dynamics, and this year is particularly significant with almost every position being contested. This participation demonstrates the deep commitment our alumni have to serving and shaping the future of our association.

What stands before us now is more than a selection of leaders; it is an opportunity to chart the course for the next three years of our alumni association's journey. The candidates presenting themselves for these positions bring diverse experiences, fresh

perspectives, and innovative ideas that will undoubtedly contribute to our continued growth and impact.

The enthusiasm shown in this election cycle, with candidates stepping forward for most positions, reflects the vibrancy of our alumni community.
